Well I got back from the Outdoor Retailers Show and had a great time. What a great bunch of folks. I only wish Patti had been here to enjoy it with me. I got the opportunity to go fly fishing with my friend and the Marketing Director from Camp Chef, Steve Mcgrath. What a great guy. He caught three browns to my one but the time out was priceless.

Met a lot of good people at the show and the radio show went very well with the help of **Aero Bed**. It was their furniture we were sitting on during the show.

I would also like to thank my guests;

Kenji Hartounian, the director of the Outdoor Retailers Market.

Camp Chef's Steve Mcgrath, Granite Gear's Dan Cruikshank, and the kids that climbed the Andes, Deia Schlosberg and Greg Treinish for their stories.

In the second hour I also want to thank ACR Electronics' Paul Hardin, Sportsman's Warehouse buyer, Jim Durphy and Cordura's world traveler, Justin "Trauma" Lichter. Again special thanks to my co-host, MBTs Rich Roe for all his help with the show.

We hope you enjoyed it as much as we enjoyed bringing it to you. And to the LOVE of my life, beautiful wife Patti, HONEY, I LOVE YOU.
